REPORT OF THE MONTHLY BOARD.

The Twenty-fourth Annual Report and Statement of Accounts is presented herewith together with the usual details and comparisons.

Particulars of the number of patients, total cost of upkeep, and total income over the last four years are appended :—

including Staff }							

During the year under review, of the patients admitted, 89 resided in Malton, 97 in Norton, 16 in Old Malton, and 213 in adjacent villages. 27 came from farther afield, viz. :—York 6, Leeds 5, Colchester 1, Helmsley 1, Newby 1, Wakefield 1, Castleford 2, Halifax 2, Sheffield 1, Liverpool 1, Whitby 1, Middlesbrough 1, Henley-in-Harden 1, while 3 had no fixed abode.

It is with great regret that the Board has to record the deaths since the last Annual General Meeting of Lady Mary Fitzwilliam and Mr. T. R. Dickinson, both of whom were Life Governors of the Hospital, and the latter an ex-Auditor of the Institution's Accounts; Dr. C. W. Smeeton, a member of the Hon. Medical Staff; and also Mr Johnson Coates, who was until his death an enthusiastic member of the Monthly Board and formerly President of the Workpeople's Hospital Committee.

The Auxiliary Associations have worked with great energy during the past year and have handed over to the Hospital a sum of no less than £1,339, being an increase of £183 over the previous year. The Board's grateful thanks is extended to the officials of these Associations for the excellent support accorded to the Hospital.

The number of patients treated during the year again shows an increase over the preceding year, and as will be seen from the details at the commencement of this Report the daily average number of beds occupied has increased from 11.03 to 15.23, which proves the increasing usefulness of the new Hospital.

The Board has been seriously troubled during the past year in obtaining the services of Nurses and Probationers and vacancies for the latter are still at the time of writing unfilled. The difficulty in the past has been that the probationer nurses' training at the Hospital has not counted as a recognised training for the State Registration Examination. This, however, has now been overcome by affiliating the Hospital to the Sunderland Royal Infirmary for the purposes of training and it is hoped that the Board's efforts in this respect will result in an increasing number of applicants for these posts.

The period covered by the Accounts which accompany this Report is the first full year of the new Hospital's existence and it will be seen, as was anticipated by the Board in last year's Report, that the Hospital must be in possession of an income of at least £2,000 per annum if it is to be satisfactorily maintained. It must, of course, be remembered that there is included in the expenditure of the past year a sum of £120 which has been paid as interest on the Building Fund Account and it is much to be hoped that this burden on the Hospital's resources may be quickly diminished. Only a considerable surplus on the Maintenance Account each year which can be devoted to reducing the debt or a scheme of redemption can allay the Board's anxiety on this account.

For the handsome surplus shown by the past year's Accounts, Captain and Mrs. Gibson are in no small measure responsible, by reason of their efforts in making the Hospital Ball so notable a success.

To the Hon. Medical Staff we can only repeat with emphasis those expressions which have appeared in previous reports of our deep sense of gratitude and obligation.

The Matron and Nursing Staff have again laboured unceasingly (and especially during the past year, when the services of nurses have been difficult to obtain) for the welfare of the Hospital and the needs of the patients admitted to their care.

Space does not permit of a reference in detail to the many other good friends who have assisted in the work of the Hospital during the past year, but the Board extend to one and all a hearty vote of thanks, and express the wish that their labours in 1929 may be crowned with equal success.

By order of the Monthly Board,

T. G. GIBSON,

Chairman.

March, 1929.
